## DEMOCRATIC PRIMARIES.

THE FOLLOWING IS THE OFFICIAL report of the Democratic County Central Committee meeting, held at S. C. Gibson's office, Monday evening, September 10, 1900:

Resolved: That a public meeting of all Democrats of the several precincts of Washoe county be held at the Bryan and Stevenson club rooms in the town of Reno, Nev., for Thursday evening, September 13, 1900, at 8 o'clock p. m., for the purpose of apportioning names for delegates to be appointed by the County Democratic Central Committee.

Wherever outlying precincts cannot be represented at said meeting, that the Democratic Central Committee of said precinct shall forward the names of their respective delegates to the chairman of the Democratic County Central Committee, said Democratic convention to be held at Reno on

TUESDAY, SEPT. 25, 1900,

Resolved, That a County Democratic Convention be held at Reno, Nev., Tuesday, September 25, 1900, to convene at 10 a. m., for the purpose of nominating

One Senator,  
Four Assemblymen,  
One District Attorney,  
One Auditor and Recorder,  
One Treasurer,  
One County Clerk,  
One Sheriff,  
One County Commissioner [long term],  
One County Commissioner [short term],  
One Coroner and Public Administrator,  
And the various township officers.

The Democratic County Central Committee moved and carried that delegates be apportioned at the ratio of one for every ten votes cast for Newlands in 1898, and one for every fraction thereof.

## Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O. contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.  
Hall's Family Pills are the best.

SATURDAY, SEPTEMBER 15, 1900

It is hoped that there will be a "fair state" of weather during the State fair.

We Washoeites will continue to be red hot imperialists so long as copper is king.

With excellent forethought Farrington took his coffin with him on his campaigning trip.

DEAR UNCLE SAM:—I have no rivers and harbors to be dredged and docked but plenty of land that could be made productive by means of water storage. Please send an appropriation. Your battleborn nephew, Ar imilia.

NEVADA is on the upgrade. The rolls of the assessors show a large increase in valuations in nearly every county in the State. More men are swinging picks underground than at any other time since the glory days of silver.

A NATION'S RESPONSE.

From out the gloom of death and desolation that enshrouds the coast of Texas comes a ray of pure white light that thrills the heart and brings to the eye the mist of sympathetic tears. The light of charity and love and brotherhood illumines the stricken cities and the devastated hamlets.

From the north and the east and the west come willing hands, food, clothing, shelter. The voices of strangers comfort the bereaved; the dying are ministered unto and the dead are buried by noble men and women who answered the summons of human anguish. The pulse strings of the nation are loosened.

Who can say that the world is not growing better?

REPUBLIC VS. EMPIRE.

Warwick Hanna is beginning to realize that president-making is proving a serious job. The "masses" are no less intelligent than the "classes," and the former have been careful readers of newspapers in these last few years. They have familiarized themselves with the trend of the undercurrents over which and at times against which has been sailing the Ship of State. Some of their conclusions may be thus briefly epitomized:  
The administration has encouraged the formation of gigantic trusts, inimicable to labor, the consumer and the small producer.

The administration is fostering in an island prison what it punishes in the State of Utah.

The administration has forcibly annexed a West Indian island and denied to it the blessings of commercial freedom enjoyed by other portions of the nation.

The administration stultified a holy war by unbloody conquests.

The administration, without rhyme, reason or recompense, ceded to our hereditary enemy a large strip of valuable mining and timber land.

The administration has cut loose from the ancient traditions of the nation and has entered into entangling alliances with foreign potentates.

There are a few of the host of charges written in letters of blood against these who hold the reins of rule. The ballots of the people will avenge a nation's wrongs.

The popular uprising against those who would debauch a free republic is but begun. From sea to sea, from lake to gulf will roll a tidal wave of public sentiment.

Our new-found idols, "Arms" and "Empire," will be swept from off their pedestals, and in their stead will be enshrined the gods of "Liberty" and "Justice."

Nature Study.

The second lecture in the Nature Studies will be given in Professor Emery's room at 10 o'clock, Saturday morning, September 15, by Dr. Kennedy and Instructor Doten. This course is especially designed for teachers, parents and normal students. Parents who take an interest in the education of their children will find this course very suggestive and helpful.

There are no charges and no examinations. The subject matter is put in an informal and interesting as well as profitable way. A cordial invitation is extended to all interested to attend the second lecture to be given Saturday morning.  
J. E. STUBBS,  
President.

The New Smelter Is Working Smoothly—Matte on Exhibition.

Yesterday the new smelter did splendid work. The product of the first half hour—380 pounds of gold, silver and copper, valued at \$400—was brought to town and is now on exhibition in the Bank of Nevada.

Forty tons of ore arrived yesterday, including a carload from Hawthorne. Dr. Pierrepont Edwards has ore teams on the road constantly and a lot of his rock went into yesterday's run.

Fluxes have been so adjusted that the slag flows freely and carries no values. The matte runs very high.

It is only a question of a few weeks until the capacity of the ore bins and smelter will be inadequate for handling all the ore that will come in.

Mr. Wedekind is beginning to contribute largely to the ore supply. He had over ninety sacks hauled in yesterday from his mine, which is now in shape to turn out several tons daily.

A Special Train.

President R. W. Parry of the State Fair Association has secured from Superintendent Yerrington of the V. & T. railroad a special train for the bicycle relay race next Monday. The train will leave Virginia City at 7:45 a. m. Carson at 9:30 a. m. and returning will leave Reno at 5:30 p. m. sharp. Fare from Virginia City and Gold Hill \$1.00; from Empire, Carson and Franktown \$1.

Fogg Appointed Clerk.

The Board of County Commissioners met yesterday pursuant to adjournment. County Clerk Porter having failed to produce new bonds within the ten days granted him, his office was declared vacant and W. A. Fogg was appointed to succeed him. His term of office will extend until January 1, 1901.

An Old Man Injured.

Frank Backus, the old negro who for a third of a century has been a familiar figure on the streets of Reno, met with serious accident yesterday. While getting out of a vehicle near town he fell and fractured a bone in the right leg. He was taken to the county hospital.

Writing It Up.

A copy of the New York Herald that reached the JOURNAL office yesterday contained an illustrated page write-up of George D. Barton's human fossil—a Washoe county product. The "petrified man" seems to be attracting a great deal of attention in the east.

Teachers in Session.

The executive committee of the Western Nevada Teachers' Association meets in Carson today. Principals Bray and Calne are in attendance, representing Washoe county.

F. O. Morton contemplates making shipments of \$50 ore to the Reno smelting work. He was in town yesterday inquiring about terms for working ore.

The Song of the Yukon River.  
"There is something peculiar about the Yukon river that I have never heard of in connection with any other stream," said Captain Gray, who has been running boats on the big Alaska artery. "From the mouth of the Yukon up as far as there is any navigable water the stream is constantly singing. No matter where you are, there is a sound like that made by escaping steam. At first I used to think that maybe it came from the boiler or engines. But when we were tied up at night, with everything cold, the sound was the same. I have puzzled my brain to find an explanation of the phenomenon, but without avail. The singing goes on day and night. "When you get up stream some distance, you can also hear the rocks rolling over the bed of the river, and this produces a most peculiar sound."—Portland Telegram.

Franks of Explosions.  
Gunpowder explosions have one remarkable feature. The bodies of persons killed in such an accident are always found without clothing, but frequently one foot will have the shoe on. This is true of horses also. If one of the feet is in the air and another on the ground, the shoe will be found torn from the foot that was on the ground and not from the other. When men are killed in powder explosions, the foot that happens to be in the air when the shock came will be found wearing the shoe, while the other foot will be bare.

Making It Clear.  
A newly appointed French mayor inaugurated his regime by a notice to the following effect:  
"On the feast of our patron saint the fire brigade will be reviewed in the afternoon if it rains in the morning and in the morning if it rains in the afternoon."

A man born with a silver spoon in his mouth may be the offspring of a family that stole the spoons.—New Orleans Picayune.

A Joint Social.

Last evening there was a pleasant  
social held in Crosby's hall by Washoe  
Club, 407, Woodmen of the World, and  
Utopia Circle, No. 236, Women of  
Woodcraft.

The program consisted of a song by  
Prof. Tuttle, assisted by Mrs. John-  
son.

Rev. F. Vernon Jones made a few  
pleasant and pertinent remarks. Lit-  
tle Miss Williams gave a recitation.

After refreshments had been served  
there was a potato race, "passing the  
spoon" and other jolly games that did  
not waste the gray matter of the brain.

An "At Home."

The first meeting of the Twentieth  
Century Club of its new year was held  
yesterday afternoon in Investment  
hall. It was an informal gathering.
